

Events to March 2022

2022 started well with 22 members attending a morning at the NCC Local Studies. We were given a tour of Local Studies, the Digitisation Centre, Stack, Rare Books and the display in the Lovell Gallery.

The proposed trip to Waverley Cemetery was postponed again; this time due to bad weather. The proposed trip to Windsor has also been postponed due to the flooding of the Hawkesbury region.

Social Sunday, via zoom, has been offered in February and very few members remembered and participated. We will continue to offer Social Sunday and if few members make use of the opportunity to join the zoom meeting at 4pm and share conversations about interesting books we have been reading, courses and conferences we have attended during the week, brickwalls that have brought our research to a standstill, interesting events that are coming during the coming week and just chit chat about general family genealogy, then we will stop this activity.

Events planned for 2022:
