

## Library Group report to Management Committee

A number of Library Group meetings this quarter have been cancelled for covid-related reasons.

A new form has been adopted that must be filled out when accepting donations. It requires the donor to give permission for the Society to dispose of the donations as it sees fit.

We are still processing a very large number of donations that have come in recent months. In addition I am continuing to purchase relevant new publications to add to our collection.

Print orientation sessions have been postponed until a suitable covid situation exists.

Jim MacDougall

Librarian
