

Two publications have recently been added to the online shop – *Geographic Encyclopaedia of New South Wales* and *St Andrews Church of England Burial Ground 1862-1902*. Both publications are available for purchase as a book and a download.

It is also now possible to pay Society membership fees through the shop.

The online current membership form and the online research form are both now fillable forms. These forms can be completed in the browser and then downloaded for emailing to the appropriate officer. Thanks to Laraine Cross for converting the original forms to this new format.
