

September 2023 Webmaster Report

Two new sections have been added to the Society's website.

'Podcasts' – Society podcasts will include a description and a link to enable visitors to listen to and/or download the podcast. The first podcast has been posted – Ken and Maree Shilling have been interviewed by Carol Duncan about the publication series *People of Newcastle and the Hunter Valley*.

'SIGs' – this section will allow for our various SIG groups to post relevant information regarding their activities. The Scottish SIG has now been posted. Also included is an online pdf version of the first Scottish SIG newsletter *Caledonian*.
