

## Sandgate Group Quarterly Report to Management June 2024

The Sandgate Group has everything ready to go for a tour this year. It is based on the 2020 tour which was cancelled because of Covid; we had scheduled for May but bad weather intervened and it has been postponed.

We will be meeting soon to plan another date, probably September. We need to review the calendar for other events during that month before selected the day.

Metropolitan Memorial Parks had agreed to finance all the equipment we needed for the day as that is no longer available at Sandgate; we believe that this will be the situation for whenever we hold this year's event.

Anita McBride from MMP had planned to attend as well to meet us and see how our day works. We hope that she will be able to come when we do run the tour.

MMP covered the cost of printing the souvenir booklets, which was done in-house by Marg Ashford and Jane Ison; the guides' handbooks were covered by the group budget – this is the same arrangement as has happened in the past.

Margaret Ashford
